Syrup of Figs and Elixir of Senna appeals to the cultured and the well-informed and the healthy because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or

substance. In its production a pleasant and refreshing syrup

of the Figs of California is united with the laxative and carminative properties of certain

plants known to act most bene-

ficially, on the human system,

when its gentle cleansing is desired. To get its beneficial

effects, always buy the genuine,

for sale by all reputable drug-

gists; one size only, price fifty cents a bottle. The name of

the company — California Fig Syrup Co.—is always plainly printed upon the front of every package of the genuine.
